detail

As [Sonic](#)'s crew races to the Prism Shard, they quickly realize they're not the only ones after it. There's only one way to win — they gotta go fast!

(*tense music playing*)

Well, if it isn't our favorite...

What are you anyway? Possum? Weasel?

If you wanna see a weasel, just look in the mirror.

(*electricity buzzes*)

Yikes!

Enough!

I have one question for you, and you need to answer it very, very carefully.

You've already stolen my Shatter Drive technology.

What else do you want?

There's a whole Shatterverse of other worlds for us to conquer.

And to do that, we'll need this mothership fully operational.

Figure it out yourselves.

Or we could figure out how to take you apart piece by piece.

It's up to you.

(*babbling, laughing*)

(*theme music playing*)

(*lasers zapping*)

(*tense music playing*)

You know these scallywags?

Yes and no. Short version, they're after the Shard too.

You mean the Devil's Lighthouse?

Let 'em have it!

I already told you, I want nothing to do with it.

Whoa!

(*wood creaking*)

By order of the Chaos Council surrender or be destroyed.

Rusty, this isn't New Yoke City.

Come on, let's talk this through.

Quiet, hedgehog.

I am addressing the captain.

He be the captain!

🔍 [Sonic](#) is the captain?

I wish I were programmed to laugh.

How are you even here?

The tides of war have changed.

And as for how I am here, all of the Shatterverse is now the Council's for the taking.

Last chance: surrender or sink.

What's the plan, Cap'n? Hang 'em from the yardarm, send 'em down to Davey Jones, cleave them to their biscuits?

I hear you talking, but I have no idea what you're saying.

Fire.

(*tense music playing*)

(*all yelling*)

The Angel's Voyage is holding up surprisingly well.

Aye, she's stronger than she looks.

You gonna do something, Cap'n?

You bet I am!

I know this crew.

They're a well-oiled fighting machine.

(*groans*) Battle stations, go, go, go! Uhh!

You bill-sucking buffoon! They don't know what to do.

They've never been in combat before.

Batten groans: Where we going?

Shoot this at them.

Aye, aye, Captain!

(*tense music playing*)

(*cannonball dings (and splashes)*)

(*robots beeping*)

(*gasps*)

This is bad. Sails!

OK, pal, I may not know you-you, but I know other yous, and they've all got gizmos.

(*whispers*) Tell me you've got a gizmo.

The only gizmo I need is me contraption and me brains.

You're a beauty, you know that?

Just a beauty.

(*explosion*)

Sound the retreat before we're sunk!

(*whirring sound*)

Shard energy compass calibrated.

That's not good. Come here!

Perfect. We have what we need.

This demarks the end of our time together.

(*robots whirring*)

Vaporize them.

Goodbye,  *Sonic*.

(*gasps*)

together: Who is that?

(*electronic whirring*)

Wait. Set course, and we will be on our way.

No need to waste time destroying a sinking ship.

(*tense music playing*)

Cap'n, we're taking on too much water.

(*groans*) Come on! I need you to steer!

No point in steering a sinking ship, Cap'n.

She only goes one direction, straight down.

But they're after the Devil's Lighthouse.

Oh, no, no, this isn't over. I can fix this.

Fine, I can't fix this.

I'm no sea captain.

But I know someone who is. Where's Dread?

Dread!

Wait, where are you going?

Dread!

I don't care what version of Knuckles you are, you don't give up. It's your most annoying virtue.

This Shard is my only hope of finding my home.

I need you. Your crew needs you.

You're Knuckles The Dread, captain of the Angel's Voyage.

Dread!

I gave up years ago, Blue, when I wrecked trying to get that shiny rock you're after.

We can still get it.

With your captaining and my speed, you're not gonna wreck on those rocks again.

He is fast... fast enough to get me past them rocks.

We can do it together!

And I can get home!

And I'll finally get me treasure.

And you'll forever be known as the legendary Knuckles The Dread!

The legendary Knuckles The Dread!

Aye.

The legendary Knuckles The Dread.

He gave up. He's gone.

Don't worry, we're gonna be fine. Right, bros?

Aye, Cap'n.

Oh, who I be kidding?

We're doomed!

(*groans*)

(*splashing*)

Hold onto something!

Well, looks like we're going down.

Ha! What kind of talk is that?

We're back! Arr!

I knew you'd be back, Captain.

Batten, Sails, get below, pump up every floaty you can find.

Aye-aye, Captain.

Rose, Catfish, mend the mast as best ye can, then hoist the main sail.

I knew you wouldn't abandon your crew.

That's the Knuckles I know.

I may be back, but it ain't for me crew.

(*sea shanty music playing*)

Pull!

(*mast creaking*)

 **Sonic**: Yes, yes!

Weird, but yes!

Whoo-hoo! We did it!

And now the Lighthouse.

Uh, Cap'n, haven't you always said that the way to the Devil's Lighthouse was...

Certain death.

That I did. And it is.

I've chartered a course in me mind.

Don't ye worry, I have a plan.

It's going to be legendary.

(foreboding music playing)

We will reach the asset within the hour.

(incoherent speech)

You are breaking up.

Something's wrong with the connection!

Oh, for the love of quiche!

(grunting, groaning)

Ah, it doesn't matter.

We can communicate across the worlds.

Our conquest of the Shatterverse has begun.

(babbling)

Agreed. With our work complete, I'll give our girlbot the go-ahead on Operation Elimination.

(Tails chuckles)

Eliminating the hedgehog is a bad idea.

Arguing for the life of your friend? What a shock.

He left me at your mercy when I needed him most, hardly what you'd call friendly behavior.

But you'd be fools to get rid of him before the Shatter Drive technology is perfected.

(scoffs) It is perfected.

We've traveled to another Shatter space.

You sent your robots to another Shatter space.

Big difference. You've only barely accomplished what he's done without any technology.

He's a living Shatter battery.

(all gasping)

Till we know why he gives off this power, we need him alive.

What...! *(groans)*

The rat's right.

Too many questions for us to start playing exterminator... at least, not until after we ring every ounce of Shatter juice out of that blue varmint.

(all laughing)

(groans)

(*tense music playing*)

They're slowing down, Cap'n.

Yes, they're slowing down.

Why are they slowing down?

That be because of the rocks.

As in the ones you wrecked on before?

Aye, that be them.

Tails: Danger dead ahead!

Danger dead ahead!

Dread, this is your second chance.

You know how to do this.

Faster!

Run as fast as your blue legs can go!

You tried to play captain, now see how a legend does it.

(*robots babbling*)

They are not slowing down.

What are those fools up to?

Chart a course to the island.

After today, everyone will know the name Knuckles The Dread, and marvel.

I said faster!

Watch it, keep us steady.

Hold on to your shoelaces!

No, me sails!

Curses!

That was incredible!

Aye, it was.

But we're not done yet. We're out of sails.

And that's bad, right?

It would be for anyone else.

Oh, this is bad.

You're gonna use your special shoes and tow us, or we're gonna wreck on those rocks.

Huh, tough choice.

No choice at all.

(*nervous chuckle*)

Ship off the starboard side.

How about it, speed-o?

And I'm blaming you if anything goes wrong this time.

(*yelling*)

Huh?

Uh... Huh?

(*foreboding music playing*)

Full speed ahead now!

I don't lose races, especially not at the finish line.

Come on, come on, come on, come on!

(*groaning*)

Whoa!

all: Whoa!

Ah!

Well, I'll be a salty sea dog.

(*all cheering*)

Get to ye battle stations!

Batten: Yes!

(*all cheering*)

(*rock guitar playing*)

(*targeting beeps*)

The hedgehog is unaware of the full capabilities of this ship.

Arr, that's not good.

( *Sonic yelps*)

Lasers! (*groans*)

I hate lasers!

They're going for  [Sonic](#)!

Man the cannons!

Give 'em everything we've got.

Rose: Charge!

Cap'n, we can't take many more hits like that.

She'll hold. Return fire!

(*target system whirs, beeps*)

(*warning alert*)

(*all cheering*)

Catfish, you beauty! Again!

Fire!

The Shard!

Last case of seadogs, Cap'n.

Make 'em count.

Fire!

Whoo-hoo!

Yes.

(*groans*)

(*buttons beep*)

(*engine shuts down*)

Batten: Watch out!

Heave to and prepare to be boarded!

Board?

Not without me.

And that's the last of ye scallywags.

Come on, ye cowards, she's all clear!

(*tense music playing*)

(*robotic chatter*)

Ah!

Rrr!

(*electricity crackling*)

You dare attack us?

You don't know the half of it.

(*growls*)

(*all cheering*)

Charge!

(*yelling*)

Enough of this. Squad three, get the Shard.

 go!

They're after the treasure.

No, you go. I'll hold them off here.

Blast. I don't think I can make it. It's too far!

Can't make it? Too far?

Hey, remember when you threw me off the ship?

Aye.

Well, you need to learn how to spin, my friend.

(*groans*)

Do not let him get away. After him.

This ends now.

Fine by me.

(*angelic music playing*)

My beauty.

(*robotic chatter*)

(*panting*)

(*yelps*)

(*chuckles*)

Ya!

Heads up, matey.

Hey, thanks for the save, Batten.

(*groans*)

Whoa, whoa, whoa, whoa! (*groans*)

Don't worry, I've got ye.

Uhh!

(*banging*)

🔍 **Sonic**: Ow!

(*groans*)

You have proven a worthy foe, 🔍 **Sonic**.

Not that anyone will remember you.

Now you're just being hurtful.

Really? Preparing for a last charge?

(*chuckles*) Something like that.

together: He's left us.

Now, where were we?

(*electricity crackles*)

Rrrah!

Raah!

Ah-ha!

(*Shard pulsating*)

At last.

She be mine.

(*tense music playing*)

Mine forever.

(*chuckles*)

(*lightning crackling*)

Dread, he got the Shard.

He's gonna need some backup.

I'll go get him. Be right back.

together: You.

Do it just be me, or does she look a little like you?

Maybe we should tie her up.

(*tense music playing*)

No, she's mine.

Mine!

(*groaning*)

(*lightning crackling*)

(*Dread screams*)

Dread!

🔍 **Sonic**.

Got ya.

(*Dread laughs*)

( *Sonic* screams)

(*groans*)

(*groans*)

Shadow? Ugh!

I don't have time to deal with whoever *you* are.

I just wanna go home.

Home?

Home doesn't exist anymore... because of you!

(*Sonic yelling*)

(*closing theme music playing*)
